

Farmington Bank Financial Education Team

We're proud to support financial literacy in our communities.

Understanding the options and costs associated with using money can help individuals and families make the best decisions about spending, borrowing and investing. Farmington Bank's Financial Education Team, comprised of Farmington Bank employees, is available to visit your school or organization to share information about various financial topics.

If you are interested in our program, please contact Chris Traczyk at ctraczyk@farmingtonbankct.com.
